## PORTAL AUTHORITY ISSUES WARNING! PLANE MERGER IMMINENT!

*The Portal Authority is issuing a Magesta-wide warning urging people to stay away from the shoreline and large bodies of water from now until the beginning of Enlightening. Information collected by agent Margaret Penn of the Irvanshirian chapter of the Portal Authority has suggested that a merger between the Astral Plane of Magesta and that of a dimension known as Ahri' Tumbel (which is currently in its own Astral Plane) is in effect and should be completed within the next moon or so. The Portal Authority is now able to confirm this suggestion. Though such mergers are not normally very dangerous, it is postulated that this merger may neither be naturally occurring nor balanced and, as such, could pose a significant threat to Magestans the world over.*

*Agent Penn, based on the research she has done, suggests that the elemental planes of Water and Earth might, potentially, offer the biggest threats to Magesta as they merge, due to the absence, destruction, or creation of several "bridges" between said planes. Though this theory cannot be confirmed in its entirety, there is recent evidence of strong surges of energy pulsing outward from the elemental plane of Water, and as such precautions must be taken.*

*The Portal Authority would like to remind people to stay calm, but to avoid or use caution around large bodies of water, especially around the shorelines. Huge tidal waves, floods, and surges are expected within the next few weeks, but it is generally accepted that the merger will be completed sometime during the last week of Petalsong, after which things should return to normal.*

*Anyone with more information about this merger, elemental "bridges", Ahri' Tumbel, or any abnormalities/empowerments of the elemental planes is encouraged to present it to your nearest Portal Authority agent.*

## Come one, come all!!!

In recognition of all your help through the years, the Sons of Alaric wish to extend to all Elmertonians an invitation to our great hall for a feast on the 5th day of Petalsong! This will be a time to celebrate our lives and the deeds of fallen comrades. A small ceremony will be held in the memory of our departed Commander Pollard. General Brandal McConnel will be on hand to speak with anyone and everyone, and he has some very special and important announcements to make. A good time will be had by all and we would be honored to be in the presence of our good friends from Elmerton. We look forward to seeing you all. Be well and travel safe!

*Word has reached me that Bastion has fallen in battle. I counted him among my precious few friends. He was a fierce man and his absence will be felt across Irvanshire. ### Gwendolyn Sends Hope For Farmers

The recent rainfall has lifted the spirits of farmers all across Irvanshire. It was thought that due to the severe lack of wet weather and the unusually hot days that the growing season would be in jeopardy. The soil was dry and cracked, rivers and streams were becoming too low, and even grasses were becoming inedible for the livestock. Thankfully, this late Newgreen rain has brought new life into the farms, and this year's growing season looks very promising.

With every footstep  
The pain of a thousand souls  
dying at once  
With every heavy sigh  
Those souls cry out in agony  
Though my pain no longer  
exists  
Anguish still stems from  
remorse  
Please forgive me

## To Worshippers of the Great Dark Mistress

All worshippers of the great Starkmorta gather round to these words and know the truth. The town of Elmerston has destroyed another devout worshipper of our dark mistress. After seeing his obituary it can only be assumed this town is set on destroying her loyalists. I can only give my condolences to his family, but know that his achievements have not gone unheard. I only hope no other followers will be slain by this town. If others hear or see these words also be warned that they have had a hunting group called the Negro-Hunters if you have not heard. This town seems adamant in hunting us till our dark mistress has no worshippers or worse. Only know that this town is a tumor to our existence and will grow until we are consumed or it is removed.

## NEW PLAYER PROMOTION!

New Players can now give Magestry a try at half the normal registration cost! That is right; just \$30 for a weekend of adventure (plus dinner!). Also, the veteran player who brings a new player to the game will be given 50 Brownie Points as a token of the staff's appreciation.

For a new player to register, he or she should send \$30 either through PayPal (to [pdabs@hotmail.com](mailto:pdabs@hotmail.com)) or by check\* to:

Magestry  
P.O. Box 1037  
Middlebury, CT 06762

\*Make checks payable to "Magestry."

He or she should also email [Paul@Magestry.com](mailto:Paul@Magestry.com) to tell us where he or she would like to sleep and to get a character and account set up in the Magestry Database. New players can also pay \$30 at the door, but if they chose that method they may not get cabin spaces and may have to camp out. And even if a new player plans to pay at the door, he or she should still email us before the game to tell us he or she is coming and to get a character all set.

So, get out there and recruit! Include your friends in this activity that is special to you. The staff will love you for it.

## BEAVER DAY BECKONS!

On Saturday, June 2, 2012, Magestry will be lending its hands once more to Chesterfield Scout Reservation for it's biggest annual service day, known as Beaver Day. The day begins at 9AM in the camp dining hall (module building) and ends at around 4PM. Over the past couple of years we have been the biggest and hardest working volunteer group; let's see if we can keep that tradition going. Come prepared to defy both sun and bugs and be prepared to paint and/or walk into the lake! Remember that Brownie Point awards for service days are always first class. Ding!

The camp is providing lunch for us, but they need to know our numbers, so please email Paul at [Beaver@Magestry.com](mailto:Beaver@Magestry.com) and let him know what hours you can join us. Hope to see you there!

## MAGESTRY'S

### Best of Newgreen, 2012

Here are our picks for the best of the April 13th-15th event:

This month's **Best PC** is being awarded for, among other wonderful things, the sweet, sweet PC tears we so crave. **Sam Rochford** had a truly spectacular game as **Anastasia Markovitch**, and though we certainly noticed, her performance was praised by many of you in your PELs as well. Sam shed what looked like real tears at Bastion's funeral, had some wonderful IG conversations, and did a fantastic job in the play during dinner! On top of all the amazing role-playing that we saw, Sam was there before game to help us set up and stayed until the bitter end to help us clean up. We are very impressed and very grateful. Congrats, Sam!

This game we were privileged to have **Gina Worth** with us who rocked out so much that she got a unanimous **Best NPC** vote. Gina was truly a rock star this event. She crunched and role-played and directed and we were amazed and impressed by her energy as well as her ability to do everything so well and with such flair. She was a huge help and an extremely welcome presence behind the scenes. Thanks, Gina!
